Home and Community Habilitation (Unlicensed)	<p>This is a direct service (face-to-face) that must meet contractual conditions. This service is provided in home and community settings to assist individuals in acquiring, maintaining, and improving self-help, domestic, socialization, and adaptive skills. This service is not a residential service. For residential services, see Residential Home and Community Habilitation Licensed Homes and Residential Home and Community Habilitation Unlicensed Homes.</p> <p>Home and Community Habilitation is a service that may be provided to people in their own home or in other residential or community settings not subject to licensing regulations. Home and Community Habilitation may be provided to residents of certain residential settings, such as Domiciliary Care Homes, when these homes have a licensed capacity of ten or fewer unrelated persons. Home and Community Habilitation may be provided to Personal Care Home (PCH) residents who receive non-waiver funding and to participants in the Person/Family Directed Support (P/FDS) Waiver with a move-in and enrollment date prior to July 1, 2007. PCH residents with a move-in and enrollment date on or after July 1, 2007, are only eligible for the P/FDS Waiver if the PCH has a licensed capacity of ten or fewer unrelated persons. Please note that Home and Community Habilitation may not be used to fund the services that the PCH or Domiciliary Care Home is required to provide to the person.</p>	Home and Community Habilitation (Unlicensed)	<p>This is a direct service (face-to-face) provided in home and community settings to ensure health and welfare by assisting individuals in acquiring, maintaining, and improving self-help, domestic, socialization, and adaptive skills. 	<p>Home and Community Habilitation consists of services designed to assist individuals in acquiring, retaining, and improving the self-help, socialization, and adaptive skills necessary to reside successfully in home and community-based settings. Habilitation may be provided up to 24 hours a day based on the needs of the individual, to ensure the individual's health and welfare. Included are provider training costs, supervisory costs, purchased personnel costs, and costs of supplies that are necessary to provide the habilitation service. Entrance fees to events and membership fees are not covered under this service. Camp day or overnight may only be provided under respite.</p> <p>Through the provision of this service individuals learn, maintain, or improve skills through their participation in a variety of everyday life activities. They learn and use skills in the context of these activities; this can be considered a functional approach to the delivery of services. These activities must be necessary for individuals to live in the community, to live more independently, or to be more productive and participatory in community life. Services must be provided in a manner that ensures the person's health and welfare.</p> <p>In addition to supporting individuals in activities typically associated with those occurring in their homes and the immediate community, the Home and Community Habilitation service may also be used to provide staff assistance to support individuals in the following ways:</p> <ol style="list-style-type: none"> 1. are no conflicts or overlaps in regards to day and/or time of service. For example, a person may participate in activities that are community-based and receive Home and Community Habilitation from 6:00 PM to 9:00 PM, Monday through Friday to satisfy an outcome of participating in a community resource. The same person could also be provided with a Home and Community Habilitation service that is home-based, scheduled Monday through Friday from 11:30 AM to 12:30 PM to support him/her in achieving an outcome of independent meal preparation.

This service should be coordinated with any service(s) that may be provided in the Specialized Therapies and Nursing Services category to ensure consistency in services to people across service settings.

Services similar to behavior support can be provided under Home and Community Habilitation utilizing a minimum of staff support level two (W7059, W7060, or W7061).

Waiver-funded home and community habilitation services may be provided by qualified Pennsylvania-based providers in contiguous states or by qualified out-of-state providers in contiguous states, with written approval by the ODP Regional Office.

The code and service units for Home and Community Habilitation follow:

None	Not applicable	Flexible Comprehensive Day Supports Services	<p>Flexible Day Services is designed to provide individuals with flexibility in utilization of day services. Through this service individuals have the ability to shift units from one of the possible day services to another. The goal is to provide a safety net often expressed by families as needed in the event an individual is not successful in maintaining employment. This option will allow individuals to quickly identify alternative day supports while new employment opportunities are explored. This service is not intended for individuals who routinely split their day options in any predictable way.</p> <p>In order to accommodate this flexibility, the ISP team will predict utilization among the five service components. Movement among these options is permitted to encourage the utilization of individualized day services to meet a person's unique needs. The individual does not have to utilize the same providers for their day services.</p> <p>The services included under this service include the following service components:</p> <ul style="list-style-type: none"> • Licensed Day Support Services • Prevocational Services • Transitional Work Services • Supported Employment (Job Finding/Initial Job Support/Job Follow-Along) • Home and Community Habilitation utilized for community-based day supports including support needed for a person to participate in volunteer experiences <p>This service is limited to 40 hours (160 15-minute units) per</p>	New service package.

Family Living Homes are somewhat different than other licensed homes as these settings provide for lifesharing arrangements. People live in host family homes and are encouraged to become contributing members of the family unit. Family living arrangements are chosen by people and families in conjunction with host families and in accordance with the person's needs. Licensed Family Living Homes are limited to homes in which one or two individuals with mental retardation who are not family members or relatives of family members are living. The primary family living provider is eligible for substitute care to provide relief for the provider, based on the needs of the person and the family living provider.

providers who transport people to and from their homes and provider sites. It is **not** transportation that is an integral part of the provision of activities within Habilitation service settings nor is it transportation associated with Residential Habilitation services, as transportation in these situations is built into the rate for the habilitation service.

Waiver-funded transportation services may be provided by qualified Pennsylvania-based providers in contiguous states or by qualified out-of-state providers in contiguous states, with written approval by the ODP Regional Office.

Transportation (Mile)

This transportation service is provided by family, friends, and other licensed drivers for using non-agency vehicles to transport the person to services and activities specified in the person’s ISP. The unit of service is one mile. The rate may not exceed the current state rate for mileage reimbursement.

When transportation is provided to more than one individual at a time, the total number of units of service that are to be provided are equitably divided among the individuals for whom transportation is provided.

Modifications to a household subject to funding under the waivers are limited to the following items:

- Ramps from street, sidewalk or house, including portable vehicle ramps.
- Handrails and grab-bars in and around the home.
- That part of a smoke/fire alarm or detection system adapted for individuals with sensory impairments.
- Outside railing from street to home.
- Widened doorways, landings, and hallways.
- Kitchen counter, major appliance, sink and other cabinet modifications.
- Bathroom modifications for bathing, showering, toileting and personal care needs.
- Bedroom modifications of bed, wardrobe, desks, shelving, and dressers.
- Stair gliders.
- Workroom modifications to desks and other working areas.

All adaptations to the household shall be provided in accordance with applicable building codes.

\$20,000 per person during a 10-year period. The 10-year period begins with the first utilization of authorized Home Accessibility Adaptations. A new \$20,000 limit can be applied when the person moves to a new home. In situations of joint custody (as determined by an official court order) where an individual divides their time between official residences, the adaptations must be allowable services and must be completed within the overall monetary limit of \$20,000 for this service.

Modifications to a household subject to funding under the waivers are limited to the following:

- Ramps from street, sidewalk or house, including portable vehicle ramps.
- Vertical lifts.
- Portable or track lift systems. A portable lift system is a standing structure that can be wheeled around. A track lift system involves the installation of a “track” in the ceiling for moving a person with a disability from one location to another.
- Handrails and grab-bars in and around the home.
- Accessible alerting systems for smoke/fire/CO2 for individuals with sensory impairments.
- Electronic systems that enable someone with limited mobility to control various appliances, lights, telephone, doors, and security systems in their room, home or other surroundings
- Outside railing from street to home.
- Widened doorways, landings, and hallways.
- An additional doorway needed to ensure the safe egress
